Conditions of use

- The card can be purchased from Föli service points.
- A fee is charged for the first card. If the customer loses the card, he or she will immediately receive a new card by paying for a new first card and the processing fee.
- The card is personal and cannot be transferred to anyone else.
- Misuse of the card will result in the card being blocked and at least a two-week ban on use. A removed card can be redeemed from Monitori Market Square for a processing fee after the ban on use has expired.

Criteria for granting the Föli student discount

Public transport in the Turku region grants a student discount to students who meet the following conditions:

- The student lives in the Föli area (Turku, Kaarina, Naantali, Lieto, Raisio, Rusko), or has reported a temporary address located in the Föli area to the population register.
- The student studies in a Finnish comprehensive school, upper secondary school, folk high school, vocational school, university of applied sciences, university or institution of higher education.
- The student is over 20 years of age. Students under the age of 20 are entitled to a travel card for young people.
- The student is studying on a full-time basis.
- Studies, when proceeding normally, lead to a profession or degree (exceptions: pupils in comprehensive schools and liberal adult education general course students in folk high schools).
- The total duration of the studies is a minimum of one school year. The minimum length of the school year is nine months, for example September-May.
- The student discount is also available for VALMA, TUVA and Polku students and partial degree students and if you study the Finnish language (on a full-time basis and the total duration of your studies is at least one academic year)

Right to student discount is not granted to:

- Postgraduate students at universities and higher education institutions, such as those studying for a licence or doctorate. However, students studying for a medical licence who are completing an undergraduate degree are eligible for the student discount.
- Apprenticeship students.
- For students studying abroad.

Certificates required for the student discount:

- The application (form on the reverse side, stamped and signed by the institution) or a valid digital or semester-stamped blue SYL or SAMOK student card, AMK student card, OSKU ry or SLL student card or student card in Slice, Pivo, Tuudo, Kide.app or Frank mobile app.

The right to discount is mainly valid from the beginning of the school's academic term until the end of September of the following year. The right to student record is stored in the background system. After the expiration of the discount period, student cards are charged in accordance with adult rates. The exception to this is the Tupla card, which can no longer be used after the expiration of the discount period. The card and its balance can be used again after it has been updated for a new term or changed into an adult travel card at Föli service point.
